

Configure Your Campaign

Campaigns are initiatives that the assembly undertakes to achieve a specific goal. Each campaign has its own template that structures its components, working groups, and timeline.

Title *Belleville - Paris PB 2016*

Define campaign goals

e.g., Develop proposals for PB Paris 2016

Link with another campaign to import their template... ?

PB Paris - Mairie de Paris

-- PB Paris 2016

-- Fête du Musique 2016

Assemblée Droit au Logement

-- Anti-Eviction Saint Suplice

Add New

Linked Campaign: PB Paris 2016

Linked Assembly: PB Paris - Mairie de Paris

☒ Use the linked campaign's **Deliberation** and **Voting** components.

If enabled, deliberating and voting will proceed according to the rules set by the Assembly **PB Paris - Mairie de Paris**, using **PB Paris 2016** campaign website. Therefore, users will only deliberate and vote once, within that linked campaign. If disabled, users will deliberate and vote within their own Assembly Campaign and again within the Linked Assembly Campaign.
