5/5 Configure your Campaign: Proposal Development Components

Proposal Making ▶ **Versioning** ▶ **Deliberation** ▶ **Voting**

Voting determines the winning proposal/s, based on the voting system selected and the number of winners allowed

Timeline milestones ❗

		Start Date			Duration
1	Voting starts	Year	Month	Day	Days
2	Voting ends	Month	Day	Year	End

Select voting system ❓

- Range
- **Ranked**
- Distribution
- Plurality (Winners take all)

Range Voting Configuration

How many proposals can a voter select?

5 ⬍

Who Votes?

- **Deliberating Jury (Binding decision)**
- Self selected voters
- --- All members of the assembly
- --- All WGs of the campaign
- --- Open registration (via authentication)
- --- Members of assembly by residence
- --- Members of WGs by residence

Configure number of winners

- ○ Fixed regardless of budget   `Enter number of winners`
- ◉ Dynamic 1: first *N-ranked* proposals that can be fully funded by available budget (may result in unspent funds)
- ○ Dynamic 2: first *N-ranked* proposals that can be fully funded by available budget, allocating all the funds (may result in "leapfrogging")

☑ Enable Quorum threshold   `60%`
